

Chief, Planning and Review Staff

9 March 1959

Chief, Industrial Division

Proposed CIA Notice 20-650-4.

1. D/M having exercised its prerogative to comment on the proposed policy, D/I claims the same privilege.

2. We agree that overtime should be held to a minimum. We approve of the recognition that emergencies arise which require immediate attention and hence which make occasional overtime inevitable. The proposed regulation provides a responsible means of coping with such emergencies and of distributing the resulting burden, while discouraging overtime as a habitual practice.

3. Although we have no editorial or procedural comments to make on the proposed notice, we suggest that it may be desirable to implement it by a DB/I or ORR notice which will interpret the basic regulations and adapt it to the situation.
